4.5 Line Dance Scoring Format

See APPENDIX (C) for explanation of relative placement scoring.
(Rise & Fall, Pulse, Smooth, Cuban, Stage, or Street.)

5.0 ACDA NATIONAL CHAMPIONSHIPS

5.01 In order to qualify for the ACDA National Championships, each Divisional Couple, each Pro-am Student, each Team Member, and each Line Dance Competitor must dance in two (2) qualifying events. i.e., A full Pro-am or Couples program (Two-Step, Waltz, 2 Non-Swings and a Swing) must be danced in at least one of the two events. The Professional of the Pro-am Couple must have competed in at least 1 A.C.D.A. sanctioned event.

5.02 In order to qualify for a specific dance division at Nationals, that division must be danced two (2) times during the year, one being a full program.

5.03 If a competitor advances to a higher division during the regular season due to advancement points, they may drop down and dance in the division in which they started at the beginning of the season. If a competitor advances to a higher division because they elect on their own to do so, they must dance in the higher division at the ACDA Nationals. If a Pro Am student receives a majority medal placement of Gold Graduate in all five of the required dances at two (2) events before June 1st they must graduate to the next level at the next event. That competitor must stay at that graduated level for the remainder of the year and dance the National Championships at that higher graduated level. If a competitor receives a majority of medal placements of Gold Graduate at the National Championships, they **MUST** graduate to the next higher level.

5.04 All competitors must dance a full program at the ACDA Nationals. If a competitor drops a dance at the ACDA Nationals, which would take them out of the overall, then they would receive **NO PLACEMENTS** for any of their dances. No refunds will be distributed.

5.05 Any Divisions With at least 3 Couples, 3 Pro-am, or 2 Line Dancers in a division dancing a full program **MUST** graduate up to the next division. Any winners with less than 3 competitors **MAY** move if they wish after the National Championships, but are not forced to graduate!

5.06 A Couple may not move themselves “up” into a division that they have not danced in for the National Championships

5.07 The ACDA National Championships will offer required dances only.

6.0 SPECIAL DISPENSATION

6.0 SPECIAL DISPENSATION: Please note that all rules apply equally to everyone. However, in some situations where an event director or contest coordinator may not be able to satisfy some unforeseeable situation or condition that may escape the boundaries of these rules, the contestant may in writing contact the President of the ACDA for “Special Dispensation”. If needed, the rules committee will consider some possible variance, and then forward their suggestion on to the council for review. Issues such as health or division eligibility or costuming variances for medical reasons are a few examples, and there could be many more. Items will be reviewed by the president and only brought forward to the council on a case-by-case basis. Decisions by the president and or ACDA Board are final.

6.1 Professional Qualifications for Pro's dancing with their Am's at Nationals:

If a Pro cannot dance at a 2nd Event with his or her Am's for a legitimate reason: injury, serious family problem, etc., there could be a special dispensation given to another Pro to dance with his Am's; with that replacing Pro having danced at least one ACDA Event.

APPENDIX (C) – Scoring

Relative Placement

Pro Am, Couples, Pro Pro, Line Dance and Teams, will utilize the “Relative Placement” scoring format. This format will determine the “placement” of winners for each contest category. The “Relative Placement” scoring format will also determine Overall Championship winners.

In the Relative Placement format for each division, each judge shall mark on their ballot their 1st place choice with the number “1”, their 2nd place choice with the number “2”, their 3rd place choice with the number “3”, etc., until all contestants have received a placement number. Judges must complete all placements for all contestants and cannot assign the same “placement” to more than one contestant.

The contestant who receives a majority of 1st place marks will be the first-place winner. The contestant who receives a majority of 1st and 2nd place marks will be the second-place winner. The contestant who receives the majority of 1st, 2nd and 3rd place marks will be the third-place winner, etc., etc.

In the Finals for each division, the majority opinion of the judges shall determine the results.

Placements shall be determined in order from highest to lowest beginning with how many 1st place marks, followed by how many 2nd place marks, followed by how many 3rd place marks, etc., until all marks for the couple are accounted for.

Pro Am & Pro Pro Scoring Format

1. **Pro-am levels and Pro-am Spotlight, will use the judge’s majority medal placement for the medal grade of the dance.** Each judge will mark a ballot with a “medal” grade of ability for all contestants that danced. Judges, therefore, grade each contestant’s relative ability against a standard for that titled level of competition. Each Judge shall mark on a ballot an assessed medal grade indicating a mark on his/her ballot a “prioritized” assignment to be attached to each contestant’s “medals” score. Each “medals” score will also receive a “Numerical” score creating rankings for placement within each “medal”.
2. Every contestant **SHALL BE RANKED** within EACH MEDAL so that the judges shall be responsible for the final placement of all contestants. For example, whereby all contestants ranked within the “silver medal” shall finish with a higher placement than all other ranked contestants in the “bronze medal”. All “gold medal” rankings will finish higher than all “silver medal”, etc.

Medal and Placement in the Dance.

2. The **Contestant’s Medal** will be the majority of medals given by the Judging Panel for that dance; (3 out of 5 Judges are a majority.)
3. The Judge’s medal for each contestant in the dance sets up the placement. Highest medal to lowest medal. Highest medal is ranked 1st, lowest medal is lowest ranking;
4. A Judge cannot tie contestants in the same Division and Level for that dance. If a Judge uses the same medal for contestants in the same Division and Level for that dance, they must be ranked within the like medal. In the group of the same medal, the best contestant is ranked 1st, next best contestant is 2nd, etc.
4. This is to be used for all Judges on the dance panel.
5. Take placement of the Judges for each contestant and use relative placement to figure **Placement in the Dance**. Relative placement determined by most 1st, 1st & 2nd, 1st & 2nd & 3rd, 1st & 2nd & 3rd & 4th, and 1st & 2nd & 3rd & 4th & 5th, etc.

All ties in a dance are broken using head-to-head competition.

Overall Placement in a Division.

This determined by the Relative Placement in the 5 required dances. Two-Step, Waltz, their 2 highest Non-Swing, and their highest Swing

Relative placement most 1st, 1st & 2nd, 1st & 2nd & 3rd, 1st & 2nd & 3rd & 4th, and 1st & 2nd & 3rd & 4th & 5th, etc.

Ties shall be broken by:

1. Using relative placement on the common dances of those tied.
2. If a tie still exists, use Two Step and Waltz placements of those tied, best placement breaks tie.
3. If a tie still exists, we will use the best placement in the Two Step.
